Founded in 1833 by members of the Religious Society of Friends (Quakers), Haverford is one of the nation's leading liberal arts colleges and is known for its rigorous academics and longstanding Honor Code built on trust and integrity. Located just outside Philadelphia, the college's 200-acre arboretum campus is home to historic architecture and a vibrant residential community.

New lighting upgrades facilitated by Independence Lighting and Spring City Electrical enhance visibility and safety across key campus pathways and gathering spaces, supporting a safer, more welcoming environment while preserving the beauty and character of Haverford's historic campus.
