

## Borough of Conyngham

Conyngham, PA, United States  
Spring City Electrical

---

---

Conyngham Borough, a historic and walkable community in Luzerne County, upgraded its streetscape lighting to enhance visibility while preserving its small-town character.

Independence Lighting, alongside Spring City Electrical Manufacturing, supplied decorative LED fixtures that blend traditional aesthetics with modern performance and energy efficiency. Each light pole base features a custom borough seal, adding a unique, community-focused detail to the project.
