

## Suburban Square

Ardmore, PA, United States  
Spring City Electrical

---

---

Located in Ardmore, Pennsylvania, Suburban Square—America’s first outdoor shopping center—has transformed from its origins as Hestobeen Square into a vibrant community destination.

Independence Lighting partnered with Spring City Electrical to support this evolution, delivering a lighting solution that preserves the site’s historic character while complementing its modern, urban feel. Today, the space shines as a hub for shopping, events, and community gatherings.
