

Independence Lighting Established 2005

Trump Taj Mahal Casino

Trump Taj Mahal Casino / Atlantic City, NJ / United States | PixelDOME™

Recently renovated entrance of the Trump Taj Mahal in Atlantic City, NJ features GVA's PixelDOME™, an RGB Color Changing pixel luminaire designed to be used in an array for low resolution image creation or color changing effect lighting. Grenald Waldron Associates (GWA Lighting) obtained an Illumination Award of Merit from the IES for the lighting design of the building's facade. Photographer: Ryan Linton
